

AIRSENSE™ LITE

HOME VENTILATION

Standard LCD controller

HRV AirSense™ is home ventilation, reinvented. From the fan housing in your roof to the outlets in your rooms, our system has been redesigned and reengineered with New Zealand homeowners in mind.

HRV AirSense™ Lite is the affordable, capable New Zealand home ventilation system that's scientifically proven to reduce moisture¹, and helps prevent mould.

| FEATURES | BENEFITS |
|--|--|
| New aerodynamic fan housing and German-made AC fan | More efficient operation |
| New WoolCare™ filter, made in New Zealand with FilterLayr™ nanofibre filtration technology | Reduces dust, mould spores, pollen and other common allergens |
| New aerodynamic ducting system | Greater efficiency to maximise airflow to your rooms |
| LCD wall-mounted controller | Easy visibility and control of key system functions ² |
| New redesigned ceiling outlets | Efficient airflow across a range of design choices |

For warranty details see hrv.co.nz/ventilation-warranty

1. Based on a scientific study of 15 New Zealand homes conducted by Unitec Institute of Technology (Auckland) on behalf of HRV during winter and spring 2021. Results may vary depending on design and geographic location of a home.

2. AirSense™ Lite is not compatible with the HRV app
