

CLASSIC HOME VENTILATION

HRV CLASSIC BRINGS FRESHER, DRIER, FILTERED AIR INTO YOUR HOME

Reduce condensation and mould, dry your home and improve indoor air quality.

FEATURES	BENEFITS
2.5" colour touch screen controller	Set and forget technology – intuitive and user-friendly control of your environment.
F8 filter	Reduces the amount of common airborne allergy triggers and mould spores from the air in your home. Filters pollen, mould, and dust particles down to 0.4 microns. Nanofibre filtration improves air quality and helps reduce triggers for asthma and allergies.
Positive pressure system	Reduces condensation, moisture, and mould through continuous ventilation.
Two temperature sensors	Temperature sensors in your living area and roof space help your system deliver the right mix of airflow and comfort.
German-made AC fan	Extremely efficient, long lasting, quiet operation.
5 year warranty	For peace of mind.

FILTER LIFE: 2 years **OPTIONAL ACCESSORIES:** Heat Transfer Kit and Summer Kit
